

JULIE AND THE DEBT MONSTER

Julie is captain of the soccer team, resident DJ at her weekend waitressing job, and an aspiring filmmaker. She's kicking goals all the way through Year 12... except for one tiny secret: she's being followed by a debt monster. No matter what she does, Julie's debt monster is always one step behind her and growing larger all the time...

Little Dreamers and FCVic present **Julie and the Debt Monster**, a story about a girl learning to navigate the world of debt, make choices about her own finances, and wrestle a sinister debt monster under control.

You can listen to all seven instalments of Julie's story now – just scan the QR codes below to get started!
